1. These services do not comprise a medical diagnosis from a medical professional. Their purpose is to improve knowledge of overall wellbeing. They do not diagnose, treat, mitigate or prevent any disease, symptom, disorder or abnormal physical condition. Patients must consult a medical professional or emergency service if they believe they have a medical problem. 2. Includes all specialties that can be treated in a digital consultation. 3. For new insureds added during the validity period of these premiums, the waiting periods set out in the policy will not be applicable and any pre-existing conditions suffered by the insured, where applicable, will not be taken into account in the risk assessment, provided that the policyholder and payer are a company.
