\*Surgical procedures with level of difficulty 0, 1, 2 and 3 and group 4 and 5 ophthalmology procedures and trauma arthroscopic procedures and varicose vein surgery on lower limbs are covered. Procedures with level of difficulty 4 or above and hospitalisation are offered at competitive prices. The levels of difficulty are those set by the OMC (Spanish Medical Colleges Organisation). 1. These services do not comprise a medical diagnosis from a medical professional. Their purpose is to improve knowledge of overall wellbeing. They do not diagnose, treat, mitigate or prevent any disease, symptom, disorder or abnormal physical condition. Patients must consult a medical professional or emergency service if they believe they have a medical problem. 2. Includes all specialties that can be treated in a digital consultation. 3. For new insureds added during the validity period of these premiums and provided that the policyholder and payer are a company, the waiting periods set out in the policy will not be applicable (except for child delivery) and any pre-existing conditions suffered by the insured, where applicable, will not be taken into account in the risk assessment, except for serious conditions.
